Mr. Kirk Wittner represented me, through my malpractice insurance recently. He investigated the case and got me a very reasonable conclusion for the case. I was comfortable in the style he interviewed me and prepped me for the case deposition.

His support during the deposition helped me present the facts clearly. I was most pleased with the outcome.

I would highly recommend Mr. Wittner for an attorney position that would help physicians, like myself, who find themselves in a litigious situation.

Sincerely,

R. Cannistraro MD PhD
